

### ARCTIC IT

Arctic IT® is an experienced technology company that specializes in unique, scalable cloud and security solutions. Since 2002, we've been committed to building strong relationships and driving innovation for a variety of businesses and government entities. The applications we implement, and support are designed to help organizations empower the communities they serve. As a Microsoft Gold Partner, we solve complex issues with leading-edge technology. Our recent projects have launched us into new territories including artificial intelligence and machine learning.
