

**TRIBUTE
TECHNOLOGY**

At Tribute Technology, we make end-of-life celebrations memorable, meaningful, and effortless through thoughtful and innovative technology solutions. Our mission is to transform the funeral experience through industry-leading technology that provides personalization for families as well as efficiency and profitability for funeral homes and obituary hosting services. Our comprehensive platform brings together software and technology to provide a fully integrated experience for all users; whether that's a family, a funeral home, or an online publisher.
