## T5 Data Centers

T5 Data Centers (T5) is a full lifecycle data center partner. They provide customized build-to-suit, wholesale turnkey or powered shell data centers, critical facility construction, and ongoing facility management and operations services. As the industry's only full lifecycle provider, T5 offers expert critical facility construction and its Uptime Award Winning facility management and operations services across their portfolio of data centers or those of their customers. T5 currently operates over 500 MW of critical load across 55 data centers and offers turnkey or build to suit data center solutions in 9 U.S. markets.
