Customer **PROFILE**

Fusion Education Group

**Fusion
Education
Group**

Fusion Education Group (FEG) is "revolutionizing school" for families across America. They believe that the traditional, mass-market approach to education is not always the most productive learning environment for every student. For some students, this one-size-fits-all approach to education fails to address the students' unique educational, emotional and social needs. They are dedicated to serving these children and their parents as they pursue their visionary goal of reinventing schools through our Fusion Academy campuses.
