BPM Technology Solutions

Customer **PROFILE**

Prime Data Centers

Prime is a global provider of hyperscale and wholesale data centers. Data-driven organizations such as cloud providers, Internet businesses, and the Global Fortune 500 choose Prime for build-to-suit, powered-shell, and Prime-design data centers that help them advance, defend, and achieve their technology and sustainability objectives. Prime differentiates with risk mitigation, nimble operations for predictable results, and data centers delivered on customer terms such as unique ownership options and dynamic lease structures.
