

Business System Assessment

Business System Assessment

Helping Clients assess, optimize and build the right scalable business processes and corresponding technology roadmap to support its evolving business requirements ranging from ERP, MFG, SCM, HCM, CRM, FP&A, to BI.

- Current State Business Process & Technology Review
- Future State Requirements Definition / Prioritization
- Business Application Objectives
- Technology Analysis / Software Vendor Ranking
- Transformation Cost & Analysis

Helping Clients Make the Right Decision Out of the Gate.

Our goal is your goal – help our Clients quickly, efficiently and cost effectively determine the “What, When and How” around selecting the right software or technology platform for its Clients. Whether Front Office (CRM), Back Office (ERP, MFG, SCM, HCM, FP&A, BI) or IT Ops, Caravel brings the re-usable tools and templates to maximize the ROI surrounding the project while minimizing the TCO. Our Business System Assessment is a non-intrusive process designed to gather business process requirements with a forward-looking view with the goal of developing a scalable technology roadmap supported by client-specific data.

About Caravel

Caravel has served more than 500 clients over the past decade, providing a comprehensive range of services, including accounting, strategy, business processes and technology selection.
